

Dr. Nnamdi Elenwoke

Neurosurgeon

- **Leading neurosurgeon of Neuroinstitute**
- **Clinical experience:** 17 years +
- **Specialization:**
 - Minimally invasive surgery of skull and spine
 - Chiari malformation surgery
 - Craniocervical instability
 - Hydrocephalus and syringomyelia
 - Scoliosis and deformation of the spine
 - Intervertebral disk degeneration
 - Microsurgery of brain and spinal tumors
- **Member European Association of Neurosurgical Societies**
- **Author of scientific publications**

Summary

Dr. Nnamdi Elenwoke is an esteemed neurosurgery specialist renowned for his expertise in minimally invasive and robotic surgery techniques. With a career spanning over a decade, Dr. Elenwoke has garnered extensive experience through rigorous medical training and practice in leading hospitals worldwide.

Upon completing his medical training in 2007, Dr. Elenwoke embarked on a journey of scientific exploration and practical application within esteemed healthcare institutions. Notably, he pursued his Neurosurgery residency at Miguel Servet Hospital in Zaragoza, Spain, and honed his skills in endoscopic skull base techniques at Emory University in Atlanta, USA.

Continuously seeking to enhance his proficiency, Dr. Elenwoke has contributed to various renowned neurosurgery centers globally. He has made significant clinical contributions to institutions such as the Hospital for Neurology and Neurosurgery in London, UK, and the Santiago Hospital in Vitoria, Spain.

Dr. Elenwoke is currently an integral part of the esteemed Neuroinstitute team at the Teknon Medical Centre and Hospital in Barcelona, Spain.

Clinical experience

• Neuroinstitute of Teknon Medical Centre, Spain	2018 — present
• Barcelona Hospital	2021 — present
• Sagrada Familia Clinic, Spain	2019 — 2021
• Corachan Clinic, Spain	2018 — 2022
• Hospital Santiago Apostol Vitoria Gasteiz, Spain	2017 — 2018
• Hospital Miguel Servet, Spain	2012 — 2017

Special trainings

• Endoscopic Skull Base Surgery Emory University Hospital Atlanta, USA.	01/03/2015 — 30/03/2016
• Surgical treatment in structural imbalances of the spine National Hospital on Neurology and Neurosurgery London, UK	03/10/2016 — 28/10/2016
• Skull Base Course Surgical Approaches to Cerebral SkillsLab, Erasmus MC, Rotterdam, Netherland	30/08/2016 — 01/09/2016
• Hands-on New Techniques in spine surgery Campus del Mar Pompeu Fabra University, Barcelona	06/09/2016
• Annual Congress European Association of Neurosurgical Societies.	18/10/2015 — 21/10/2015
• Introduction to Microsurgery Aragon Biomedical Research Center, Zaragoza Spain	27/04/2015 — 28/04/2015
• Annual Meeting of the Neuropsychology and Neuroanatomy Hospital Puerta de Hierro, Madrid	23/04/2015 — 24/04/2015
• CNS dissection course Zaragoza Faculty of Medicine	23/04/2014
• European course Minimally Invasive Spinal Surgery Hands-on Course, Barcelona.	16/04/2014 — 17/04/2014
• Practical course of updated techniques of spinal surgery, Faculty of Medicine Autonomous University of Madrid.	20/03/2014
• XV International Symposium on Neuromonitoring and treatment of the neurocritical patient Hospital Vall d'Hebron Barcelona, Spain	13/03/2012 — 17/03/2012

Scientific communities

- Member European Association of Neurosurgical Societies
- Member Spanish Society of Neurosurgery
- Member of the Official College of Physicians of Barcelona

Dr. Elenwoke's commitment to excellence, coupled with his extensive training and involvement in scientific communities, positions him as a leading figure in the field of neurosurgery. With a focus on innovation and patient care, he continues to push the boundaries of surgical practice, ensuring optimal outcomes for his patients.
